1. BACKGROUND

The Alfred Nzo Development Agency (ANDA) is a municipal entity of Alfred Nzo District Municipality established in terms of the Municipal Systems Act (MSA) No. 32 of 2000 and regulated in terms of the Municipal Finance Management Act (MFMA) 56 of 2003. ANDA is registered in terms of the Companies Act No 71 of 2008.

ANDA is governed by a plethora of legislation and regulations that intends to support and strengthen its role in transforming society and the developmental state. The Agency is established as a special purpose vehicle for the objective of driving and facilitating economic development and investment throughout the Alfred Nzo District.

The principal mandate of the agency is to act as the operational arm of the Municipality for the purposes of implementing economic, social and environmental policies and projects within the area of jurisdiction of the Municipality or such areas as the Municipal Council may specify from time to time. It acts to promote development of economic potential on a regional basis by building on opportunities, which recognise the unique competitive strengths of the region's economy.

2. INTRODUCTION

In terms of Section 122(i) of the MFMA 56 of 2003, every municipal entity must for each financial year prepare annual financial statements in accordance with Generally Accepted Accounting practice which:

- (a) fairly presents the state of affairs of the municipality or entity, its performance against its budget, its management of revenue, expenditure, assets and liabilities, its business activities, its financial results, and its financial position as at the end of the financial year; and
- (b) disclose the information required in terms of sections 123, 124 and 125.

This legislative requirement is also reaffirmed by Section 30 of the Companies Act when it states that a company must prepare annual financial statements within six months after the end of its financial year, or such shorter period as may be appropriate to provide the required notice of an annual general meeting in terms of section 61(7).

The accounting officer of the municipal entity is required by the Municipal Finance Management Act (Act 56 of 2003), to maintain adequate accounting records and is responsible for the content and integrity of the annual financial statements and related financial information included in this report. It is the responsibility of the accounting officer to ensure that the annual financial statements fairly present the state of affairs of the municipal entity as at the end of the financial year and the results of its operations and cash flows for the period then ended.

It is also a fundamental requirement that the annual financial statements must be prepared in accordance with standards of Generally Recognized Accounting Practice (GRAP) including any interpretations, guidelines and directives issued by the Accounting Standards Board (ASB). Although the directors of the agency are primarily responsible for the financial affairs of the municipal entity, they are supported by internal auditors in this regard.
