

PROFILE

Andisiwe well known as Jackson, was employed at Alfred Nzo Development Agency on the 2nd May 2013 as Technical Assistant intern under Programme Department. After a few years serving as a Technical Assistant intern, he proved himself as being an asset of ANDA then was appointed to be a Project Administrator.

He was a very opinionated individual with leadership qualities. He was a friend, colleague and brother to many. He was a very down to earth person with a calm character which was very fond to people. Many know him as a straight talker also a jolly person to be with.

As family of ANDA we are sadden with the loss of our own and may God strengthen the family of Jackson through this dark time.
